

**CITY OF IRVINE
MAYOR**

BETH KROM

AGE: 45

OCCUPATION: Irvine City Councilmember

Twice I've been elected to the Irvine City Council. I have been privileged to serve you. Now I ask your support as a candidate for Mayor.

I've kept my promises.

I've consistently made funding for Police and Emergency Services a top priority so Irvine will remain among America's safest cities.

I led the effort to rebuild the Heritage Park Swim Complex. I voted to build new community parks, to complete the Jeffrey Open Space Trail and to expand our system of roads and bike lanes to enhance citywide mobility.

I've initiated community forums and advocated upgraded communication tools to better support municipal activities and expand civic participation.

And, having helped draft and pass Measure W - the initiative that killed El Toro Airport - I am now working diligently to ensure that the vision for the Great Park is fully realized.

As Mayor, I will remain focused on what really matters - safe neighborhoods, well-planned communities, modern infrastructure, excellent schools, programs for youth and seniors, and exceptional public facilities ... all within a balanced budget.

Please vote for me on November 2nd. As your Mayor, I will dedicate myself full-time to ensure that Irvine remains America's most successful master-planned community.

Thank you.
